943-MTGBTK - universal mounting bracket

## 943 Digital Switch Box

The 943 Switch Box is a compact, programmable, full function lighting controller featuring two warning mode switches, two programmable auxiliary switches, a step through arrow switch, a dedicated dim switch that can be used as a third auxiliary switch and a progressive system off switch. The switch panel incorporates LED backlighting and LED switch indicator lights for easy day or night readability. A six LED indicator panel provides visual indication of warning mode, left arrow, right arrow or center out activation. Each switch is rated for 5 amps with a system total of 12 amps. An optional universal mounting bracket is available.

- arrow function button
- two mode switches provide up to three unique flash patterns
- two independent auxiliary switches
- LED indicator for directional arrow and warning modes
- LED backlighting for night time visibility
